# OUR TEAM

Every milestone begins with people who lead with intent - those who take ownership, stay accountable and bring purpose to their work. Growth has never been just about numbers; it's about the team that delivers with consistency, solves with clarity and builds with care. From the shop floor to leadership, it's the team's collective commitment that shapes our reputation. This belief in people-first approach drives everything we do because real growth happens when individuals grow with it.

Our journey ahead is defined by embracing change and innovation, guided by the same integrity, agility and passion that shaped our legacy.

## Messages from our leadership team

We are driven by one principle – serving with integrity and delivering excellence. For over four decades, we've built trust, strong relationships and lasting value for our customers.

Our strength comes from our dedicated team, loyal customers and trusted partners. Providing complete electrical solutions under one roof, we ensure a seamless journey from selection to after-sales service and support. With innovation, process improvement, and talent development at our core, we continue to build a legacy of reliability and customer delight.

### — Mahesh Kantilal
